

## MESSAGE

I am delighted to learn that the Society of Health, Environment, Safety & Sustainability Professionals (SHESPro) is organizing the first edition of the Global Sustainability Expo & Conference (GSEC 2024) from 3<sup>rd</sup> - 5<sup>th</sup> December 2024 at Yashobhoomi, New Delhi.

Sustainability is critical in today's world, impacting every sector and aspect of life. Under the dynamic leadership of our Hon'ble Prime Minister Shri Narendra Modi ji, The Government of India is actively promoting sustainability through various initiatives and policies aimed at reducing carbon footprints, enhancing energy efficiency and fostering green technologies. By supporting sustainability, the Government seeks to create a resilient and thriving economy while preserving natural resources for future generations.

GSEC 2024, which will feature leaders, industry experts, and innovators, will serve as a pivotal platform to address pressing environmental concerns and promote sustainable development. It will enhance awareness and facilitate successful compliance with sustainability goals, focusing on Environment, Social & Governance (ESG), Corporate Social Responsibility (CSR) and Net Zero initiatives. Organizing such events is crucial for exploring actionable solutions and driving progress toward a sustainable future.

I congratulate SHESPro for organizing GSEC 2024 and wish the organisation success in all its future endeavours.
